

Bella Dance Academy

## *Our Mission*

At Bella Dance Academy, we are committed to providing the best quality dance education possible in a safe, fun, and challenging environment. We bring together the best faculty, equipment, and creative minds to nurture young dancers and advance their technique and artistry. With a focus on ballet technique, classes at BDA provide every dancer with the strength and endurance he or she needs to grow artistically and expressively in many of our other offered classes. In only a few years, BDA has established itself as the premiere dance school in Maryland and the Annapolis area. Please consider joining our ever-growing dance family today!

- Pointe
- Variations
- Jazz
- Modern
- Hip Hop
- Tap
- Tumbling
- Creative Movement (ages 2 to 5)
- Leaps and Turns
- Strength and Stretch
- Yoga
- Zumba®

## Our Program

At Bella Dance Academy, providing an excellent dance education is of the utmost importance. This is why we follow The Royal Academy of Dance's examination

system. Ballet classes are offered from Grade 1 to Advanced 2, following the RAD exam levels. Students who have passed Grade 5 and have received permission from their instructor are encouraged to take Pointe and Variations. Jazz, Modern, Hip Hop, Tap, Tumbling, Leaps and Turns, and Strength and Stretch are offered from Levels 1 to 5 (Beginner to Advanced Professional). Ballet, Jazz, Modern, and Tap are available as adult level classes as well.

## Our Faculty

We strive to bring you and your dancers the highest quality instruction possible. At BDA, all instructors are carefully interviewed and come with professional experience from all walks of the dance world. Many of our instructors are retired dancers themselves, allowing them to give impressive insight into the necessities of being a professional dancer.

## Our Facility

Bella Dance Academy has five spacious and fully-equipped studios. Each studio has a sprung marley floor to provide an ideal dancing surface and to protect dancers' joints while jumping and leaping. All studios have ballet bars, large windows, floor-to-ceiling mirrors, and a top-of-the-line sound system. In addition, Studio 1, our largest studio, has a grand piano, which is played by our resident pianist during upper level ballet classes. Studio 5 is furnished with all the equipment necessary for safe and innovative tumbling classes. There are also a male and female changing rooms, four bathrooms, a dancer warm-up area with cubbies, a barre, and vending machines, and a comfortable lounge area where parents can wait for their children and get a view into Studios 1 and 2.

Beauty.

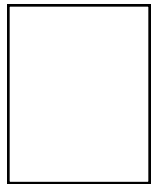

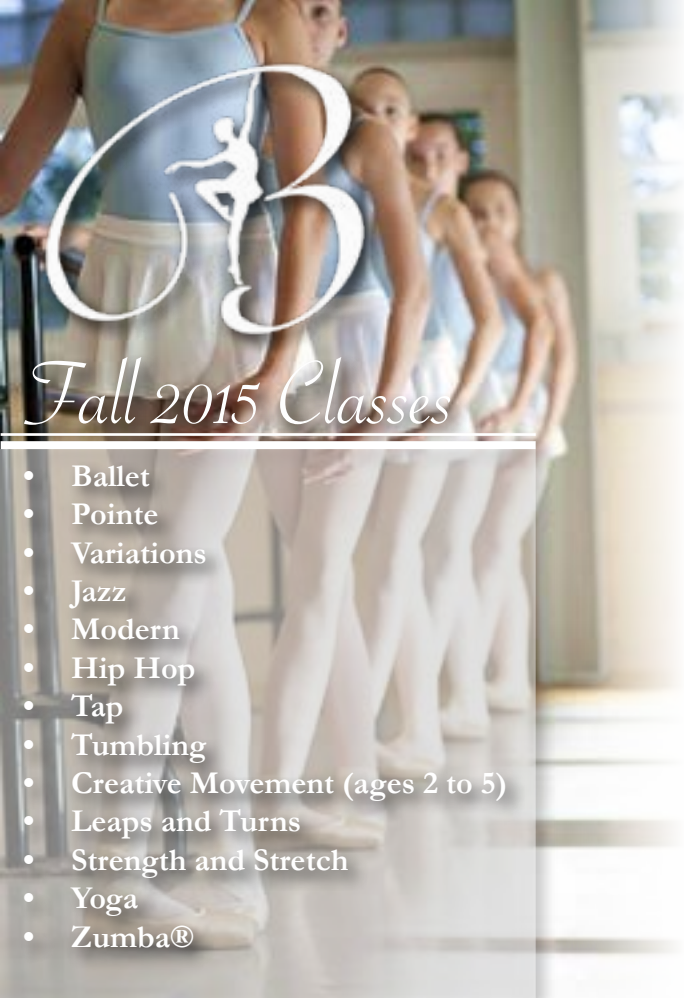

Dedication.

Artistry.
